Shoot for the Moon Richard Wiseman 2019-01-24 'Fascinating new book examines the history of Nasa's Apollo space missions' Daily Mail \_\_\_\_\_ Eight key lessons to revolutionise your life with the mindset that got man to the moon. 20th July 1969: Neil Armstrong becomes the first person to walk on the Moon. We all recognize this to be one of mankind's greatest achievements. Yet what did it take to make John F. Kennedy's dream a reality? In this remarkable book, Professor Richard Wiseman presents a pioneering study of the mindset that took humanity to the Moon, and shows how you can harness and use it to achieve the extraordinary in your everyday life. Combining personal interviews, mission archives and cutting-edge psychology, Wiseman embarks on the ultimate voyage through inner space. Along the way he identifies eight key principles that make up the Apollo Mindset, including how pessimism is crucial to success, and how fear and tragedy can be transformed into hope and optimism. You will discover a series of practical techniques that you can use to incorporate these winning principles into both your professional and personal life. Whether you want to start a business venture, change careers, find your perfect partner, raise a loving family, get promoted, gain a new qualification, escape the rat race, or pursue a lifelong passion, these techniques will help you to reach your own Moon.

International Criminology Rob Watts 2008-02-27 International Criminology is an easy-access critical introduction to how conventional criminologists in the international arena think about and research crime. By using examples from the US, UK and Australia, the authors outline key ideas, vocabulary, assumptions and findings of the discipline while opening up a set of critical underlying issues and problems. From theoretical traditions to historical perspectives; contemporary criminology to reflexive criminology; this all encompassing text covers it all. This is the most valuable introduction to international criminology available for undergraduates and works as a superb refresher for more experienced students.

Space Big Book Gr. 5-8 Charlene Homer 2007-03-01 Get the big picture about the Universe with our Space and Beyond 3-book BUNDLE. Start things off in our own backyard with a look at our Solar System. Travel to each of the inner and outer planets. Build a scale model of the solar system, and plan your trip to one of its planets. Next, travel a little further out to look at Galaxies & The Universe. Learn how distance is measured in light years, and how far the next closest star is to Earth. Find out how much you would weigh on the sun, moon and planets. Finally, learn what it's like to live in space with Space Travel & Technology. Blast off into space with manned and unmanned spacecrafts. Learn about life aboard the International Space Station, and predict how different toys would work in space. Each concept is paired with hands-on activities and experiments. Aligned to the Next Generation State Standards and written to Bloom's Taxonomy and STEAM initiatives, additional crossword, word search, comprehension quiz and answer key are also included.

Math Plus Reading Workbook 2014-02-03 Summer Link Math Plus Reading is designed to be a fun way to help a child prepare for the grade ahead during the summer. Each 320-page book includes fun learning activities covering a range of topics in math and reading. The activities review skills from the previous grade and gradually increasing in difficulty to prepare a child for the grade ahead. Summer Link Math Plus Reading is designed for parents looking for a fun and affordable way to help their children stop the summer learning slide and prepare for the grade ahead during the 10 weeks of summer. The easy-to-use full-color activities review and extend essential skills and increase confidence at school. A Test Practice section at the end of each book provides tips and practice for standardized tests and will allow the child to review the topics covered. A skills checklist for parents, a recommended summer reading list, and an answer key are also included.
